a. Dear Mr. [REDACTED]

Reference your recent letter requesting information on unidentified flying objects. We would be most happy to send you pictures of UFOs, however, the Air Force does not possess any such photographs. All photographs submitted to the Air Force have a positive identification, such as conventional objects, natural phenomena, lens flares, emulsion flaws and other processing defects.

Enclosed is a FTD Form 164 so that you may officially report your sighting to the Air Force.

Dear Sirs,

I have read lately about your Project Bluebook on UFO's I am Very, Very interested in it now!

I am asking you for some pamphlets and pictures on a lot of your UFO's. As a matter of fact I have recently last month seen something very odd moving across the sky (its path) -

I looked like a bright ball of light & about this size. But it was neither a star or helicopter, nor plane. It was high over the hills of Ohio, I saw it from Huntington W.H., across the Ohio Bridge, the time was about 9:00, so I hurried home to tell my father.

P.S.

Because of my story of my UFO, I am not going trying to get in the newspapers or any other of a kind. If you would like,

To know more, write back.

Yours truly,

John Shultz
